EViPRG Meeting Modena, 25-26 Oct 2018

Welcome to the EViPRG Autumn 2018 meeting that will take place in Modena. University of Modena and Reggio Emilia is organizing the meeting in cooperation with EViPRG.

Modena is an ancient town, and seat of an **archbishop**, it is known for its automotive industry since the factories of the famous Italian **sports car** makers **Ferrari**, **De Tomaso**, **Lamborghini**, **Pagani** and **Maserati** are, or were, located here and all, except Lamborghini, have headquarters in the city or nearby. One of Ferrari's cars, the **360 Modena**, was named after the town itself.

The **University of Modena**, founded in 1175 and expanded by **Francesco II d'Este** in 1686, has traditional strengths in **economics**, **medicine** and **law** and is the second oldest **athenaeum** in Italy. Italian military officers are trained at the **Military Academy of Modena**, and partly housed in the Baroque **Ducal Palace**. The Biblioteca Estense houses historical volumes and 3,000 manuscripts. The **Cathedral of Modena**, the **Torre della Ghirlandina** and Piazza Grande are a **UNESCO World Heritage Site** since 1997. Modena is also known in culinary circles for its production of **balsamic vinegar**.
